Scholastic Book Orders: Please use code L7BZV to order online by April 13th

ELA/Writing

This month we will be reading *The Dog That Dug for Dinosaurs*, *Yeh-Shen*, *Two of Everything*, and *Now & Ben* in our Anthology. We will be working on the following comprehension strategies: Fact and Opinion, Questioning, Sequencing of Events, Analyzing/Evaluating, Understanding Characters, Summarizing, Compare and Contrast and Visualizing. In grammar, we will cover adverbs, possessive nouns, and adjectives.

Also, we will start our unit Fictional Narratives. Students will focus on developing characters, setting, events, problem and solution. They will utilize descriptive language and the use of dialogue throughout their writing.

Math

In Unit 8, students will explore 2- and 3-dimensional shapes and their attributes. They will partition rectangles into rows and columns of same-size squares. Also, they will explore strategies for determining the total number of objects in equal groups and rectangular arrays.

Social Science

This month in Social Studies we will be learning about families now and long ago. Students will have the opportunity to trace their own family history by creating a family tree. We will also be looking at how life was long ago and how it has changed today.

Reminders

April 9: iMAX/
Natural History
Museum Field Trip

April 20: Early
Dismissal @11:35
(Collaboration Day)

May 4: Family Tree
Project Due
