Scholastic Book Orders: Please use code L7BZV to order online by September 15th

Accelerated Reader

In Accelerated Reader, students have a reading goal for the month based on their reading range. During our library time, we assist students in choosing AR books that are within their reading range. Please encourage your child to make the transition to reading chapter books and to finish each book he/she begins in order to achieve their monthly goal.

ELA/Math

ELA- This month, we will be reading "My Family," "Dogs," "Diary of a Spider," and "Teacher's Pets" in our Anthology. We will be working on the comprehension strategies Compare and Contrast, Author's Purpose, Cause and Effect and Story Structure. Also, we will continue to work on Narrative Writing.

Math- We have started our curriculum in the Everyday Math program. We are currently skip counting in various ways, using the number line, and learning about coins. We will be starting Unit 2 and learning about different strategies on how to solve addition and subtraction concepts.

Science

We have been deep in our Plants Unit in Science. The students are having a wonderful time learning about the plant cycle and filling out their observation logs of the plants they have grown.
